

Back to **CHURCH** Sunday!

eastpoint
community church

We are so excited about going back to church on Sunday, May 31 and we wanted you to know that we are taking extra precautions to ensure that we have a clean, safe church to go back to.

Disinfecting

In addition to the excellent cleaning job done on a weekly basis, we will be doing additional disinfecting on Sunday morning prior to the service. This includes all hard surfaces, doorknobs, railings, and bathrooms. We will also be doing this after our service as well, to ensure that the church meeting after us also has a safe environment.

Touchless Entry / Exit

We will have a greeter wearing gloves and a mask opening the door for everyone as they enter and exit the building.

Expanded Seating Plan

To help maintain Social Distancing, we will only be using every other row of seats in the auditorium. We are asking everyone to do their best to maintain the proper Social Distancing when seating themselves.

Bring Your Own Coffee

In an effort to keep congested areas to a minimum, we will not be serving coffee or donuts. Feel free to leave home a few minutes early to stop by your favorite coffee shop on your way to church! We will still have bottles of water available to whoever wants one.

Masks

Understanding that there are many different opinions on the topic of masks, we are encouraging people to wear a mask until they are seated, since those are the moments where social distancing cannot be guaranteed. We want to do our best to be neighborly to everyone, especially to those who may have differing opinions or have differing levels of concern.

Children's Program Changes

Although the kids will not be released for Downtown (our separate Children's Program that normally meets in the lower level during the message each week) we will be doing some special things during that main service just for kids!! This includes clipboards that are disinfected each week, coloring and activity pages (available at the church or for you to print at home and bring with you) and pre-packaged crayons. We also suggest finding a good Bible Story app for your phone or tablet and bringing some headphones if you prefer (You can check out the options on the following page!) Pastor Steve will also be doing a short **Children's Challenge** right before his main message. This kid-friendly mini-message will be tailored specifically for our elementary students.

Live Streaming

We understand that not everyone will feel comfortable at this time attending church in person, so for those of you who remain at home, we are planning on Live Streaming the entire service on our church Facebook page! We will also continue to post the music and message online as well, so if you are not available at 9:00 on Sunday morning you may still watch the service at your own convenience.

These are the precautions that we plan on taking to ensure that our church is clean and safe. Feel free to contact one of our Board Members or Pastor Steve if you have any questions.

And as always, if you or a family member is sick, has a fever, or has recently been exposed to someone who has tested positive for the Covid-19 virus, then we ask that you stay home and worship with us online.

Parents - Here are some options for apps that you can install on your phone or tablet that are kid-friendly and centered on the Bible.

Superbook Kids Bible, Videos & Games (Free App) Ages up to 12
